Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 CFR §§1.56, 1.97 and 1.98, record is being made below of documents which the Patent Office may wish to consider in connection with examination of the above-identified patent application. As provided in §1.97(g), no representation is made or intended that a thorough art search was made. As provided in 37 CFR §1.98(h) this Information Disclosure Statement does not constitute an admission of any kind and specifically is not an admission that the documents listed on attached form SB-08 are, or are considered to be, material to the patentability of the above-identified patent application, as defined in 37 CFR §1.56(b).

This application is a continuation of application Serial No. 10/027,613, filed December 21, 2001. Applicants respectfully submit that in an effort to reduce the amount of paperwork submitted to the Patent Office and since the number of listed documents on the attached form PTO-1449 is quite extensive, a copy of each of the documents is not included herein. Applicants respectfully submit that each of the remaining documents listed on the attached form SB-08 can be found in the Patent Office files for application Serial No. 10/027,613, filed December 21, 2001. This should not place any burden on the Examiner. However, Applicants agree to provide to the Examiner a copy of each of the listed documents if the Examiner requests such. It is respectfully requested that the materials listed be made of record in this application.

In addition, Applicants respectfully request the Examiner to make of record the related (Procter & Gamble) copending applications listed in the attached SB-08 Supplement. The Examiner is requested to send Applicants' attorney a copy of the attached SB-08 Supplement with the listed copending applications initialed in the space provided.
